DIOCESE OF OLYMPIA

Job Development

We are dedicated to helping our clients overcome language barriers and find the most suitable employment opportunities in the greater Seattle area. Having a job is one of the most significant ways through which our clients can settle in their new home. We aim to help our clients reach financial self-sufficiency through their individual and unique career paths.

What our team can help with:

- Creating resumes
- Looking for jobs online
- Completing job applications
- Preparing for interviews
- Building an online LinkedIn profile
